## Welcome to the BITS Web Site!

The Bioinformatics Italian Society (B.IT.S.) aims at joining research scientists interested in Bioinformatics, meant as a multi-disciplinary science for the study of biological systems at the molecular and cellular level by using informatics and computational methods and models. Main goals of the associations are the study, development and spreading of Bioinformatics in a scientific, academic, technologic and industrial environment.

**Last Bit:**

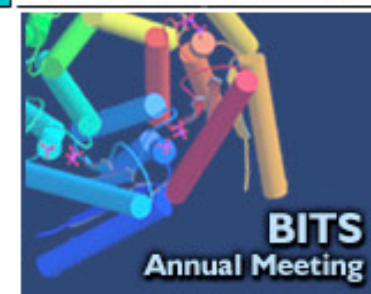

**Research Analyst COSBI Centre for Computational and Systems Biology**

**Research Analyst**  
The Microsoft Research - University of Trento  
COSBI Centre for Computational and Systems Biology  
Location: Trento/Rovereto, Italy  
Salary on grant: according to CV  
Contact person: Giulia Calabrò  
Email: [hr@cosbi.eu](mailto:hr@cosbi.eu)  
Web page: [www.cosbi.eu](http://www.cosbi.eu)

**Bioinformatic  
Courses Directory**

# BITS has ~ 200 members

106 ordinary members

90 associate members

main activities:

- Annual Conference

- support for other conferences (registration, dissemination....)

- Registry of Bioinformatic academic Courses

- Job adverts

- monthly email to a list of ~700 people

- prizes for PhD students/young scientists

- travel grants

- support to ELIXIR

## **BITS main activity is the Annual Conference**

120-160 participants/year  
100-120 submitted abstracts  
5-6 scientific sessions

a "Preparata Lecture" with the support of the  
Fondazione Giuliano Preparata

## **some of our keynote speakers over the years**

Franco Preparata

Toby J Gibson

Alfonso Valencia

Arthur M Lesk

Christine Orengo

Werner Mewes

Roderic Guigo

Gerard CD Kleywegt

David J Lipman

Mikhail Gelfand

Shoshana J Wodak

Tom Blundell

Christos Ouzounis

Guy Rouleau

Eske Willerslev

Peer Bork

Rob B Russell

Alex Bateman

Stefan Haas

Edward Trifonov

Cecilia Saccone

Eric Bongcam-Rudloff

Dietrich Rebholz-Schuhmann
